Because of Aspen's wintry characteristics, many luxury villas focus mostly on designing and decorating indoors. VillaHotel Pamela, however, manages to offer a captivating outdoor vacation experience as well. This stunning 5 bedroom, 6 bathroom mountain contemporary luxury villa combines an awe-inspiring architecture with a picturesque wooded lot, outdoor dining areas, a cascading waterfall feature, and provocative landscaping, all of which take in the views of the Aspen Highlands, Red Mountain, Hunter Creek, and Tiehack.

Inside, the 9,400 sq ft of living space in VillaHotel Pamela comes to life in a blend of rustic charm with contemporary design. Greatroom-inspired living and dining rooms, together with a modern, gourmet kitchen, all feature capacious windows that let in views of the mountains, while the five comfortable, roomy bedrooms offer privacy and elegance.
